## EASY WETTA COIR MULCH BLOCK

### Introduction

- **JUST ADD WATER** – Easy Wetta Mulch Block expands up to 60 litres of *PREMIUM GRADE COIR MULCH* in around 10 minutes.
- Manufactured from premium grade Sri-Lankan COIR
- When added to soils, Easy Wetta Mulch IMPROVES THE SOIL and SAVES WATER.
- Increases water-holding capacity and reduces watering frequency
- Improves soil structure.
- Wont fade and lasts for years
- Creates a snail barrier for your plants
- Light an easy to handle. Only 4kg makes up to 60L.  
**This much bagged mulch could weigh anything up to 50kg**

### Expanding Easy Wetta Mulch Block

Place the **EASY WETTA MULCH COIR BLOCK** into a Wheelbarrow, slowly add around 30 litres of water for the 60L Block. Allow to soak for a full 10 minutes. Pull apart and churn with your hands, ensuring that the entire mix is thoroughly wet and hydrated. Drain off excess water into the garden bed.

### Applications

#### **Garden Beds:**

Cover garden beds with 5 to 7cm of Coir Mulch.

#### **Top dressing pots:**

Spread 5cm of Coir-Mulch around the base of the plant.

#### **Improving Compost:**

To improve your compost, mix 1 part Coir-Mulch to 3 parts compost.

#### **Garden Mix:**

Mix 3 parts Coir-Mulch with 1 part soil.
