PRODUCT GUIDE

## SPHAGNUM MOSS

### Introduction

- Sphagnum Moss is a natural organic material with fantastic moisture retention properties.
- Ideal for surface mulching of pots, tubs and planter boxes. Plus reduces moisture loss due to evaporation.
- Suitable as backing for stag-horns, elk horns and orchids.
- Doubles as highly attractive decorative mulch either as top dressing for pots or as lining for wire baskets.

Available in 5L size.

### For Best Results

For best results use in conjunction with quality Brunnings Potting mix.
